

REGIONAL MEDICAL SURGE PLANNER

Delta Development Group's Emergency Preparedness, Response, and Recovery Solutions consulting team has an immediate need for a regional medical surge planner located in northwest Pennsylvania. The position will coordinate the medical surge planning efforts within the PA Department of Health's northwest health district office. The planner works collaboratively with district office staff, project team members, and external stakeholders to coordinate preparedness activities for public health and medical disaster response and prepares emergency plans and procedures for public health threats and medical surge events.

A healthcare background is preferred but not required. The planner should be skilled in Microsoft Suite – Word, Powerpoint, Excel.

Occasional overnight travel is anticipated. Travel expenses are reimbursed. The planner will work 24 hours per week for 10 months beginning September 2010 and concluding June 2011.

Letters of interest, resumes' and salary requirements should be submitted to:
